

Logo Questionnaire

The following questions simply help us in the process of getting your logo designed. Some questions may not apply in your situation or you may not have an answer for the specific question. If this is case, don't worry. Again, this is just to give us an idea of what direction you want to go in regards to your logo design. You can e-mail the answers to the questions to logo@contractorswebsitebuilder.com and we'll get in touch with you afterwards with questions we have for you.

1. Do you have a tagline or a slogan? Would you like to see it incorporated in the logo?

2. Do you have specific company colors that you would like incorporated into the overall design?

3. What kind of company/business is this logo being made for?

4. Describe your target market, gender, age, geography.

5. What do you want your new logo to communicate about your company or products?

6. What is your website address, and would you like it incorporated into the logo if possible?
